In re:

[Redacted]

← Business Name  
+ Address.

To whom it may concern:

← Business Name

My client, [Redacted] Inc., has requested that I prepare a letter concerning my knowledge of their business practices as it relates to their "Evolution" product. I am familiar with the federal and state statutory and regulatory requirements governing the sale of what is commonly known as "electronic cigarettes." I am also familiar with [Redacted] practices in those regards and they are in compliance with all of those regulations to the best of my knowledge and information. The sale of electronic cigarettes is not regulated by the Federal Food and Drug Administration. Moreover, the website operated by [Redacted] requires verification that the purchaser is not a minor consistent with all internet requirements and they are committed to staying current with all such requirements as relates to the potential of minors ordering this product. [Redacted] maintains an active in-house operational control to make certain (to the extent reasonably possible) the purchaser of electronic cigarettes is limited to legal adults.

If you have further questions I am happy to answer them but please contact my client and obtain his permission for me to speak directly with you if that is required.

Sincerely,

*Judith C. Hedrick*
